- Damages to rooms must be reported immediately to the hotel by the teams.
- Rubbish and waste on the hotels parkings must be disposed at the hotels rubbish infrastructure. **NO RUBBISH SHALL BE LEFT ON THE PARKING OR IN THE ROOMS.**
- For the parking of vehicles, the instructions of the hotels have to be observed.
- If a rider pulls out of the race, the team will only keep the hotel room free of charge for the night after the rider retired. The team will be billed for any additional nights. We ask the Teams to contact all Hotels if a rider pulled out of the race.
- Drinks at the hotels must be paid for by the team. However, the teams are allowed to bring their own water to the table at the hotels. All teams that have ordered bottled water supplied by the organization, are at the start every morning.

#### 4. Safety Control Center (SCC)

You have been informed about the new safety measures taken by the organiser ahead of the race. It is important to say, that all of these measures are new and will have to be tested and enhanced throughout the race. But we are convinced, we will gain valuable information and learnings for the future.

During the races, the SCC will monitor the riders and convoy. In case of emergency or questions from the SCC, they can call any DS directly via the radio or the phone in order to take quick and fact based decisions. If you have questions about riders that you can't locate or need urgent assistance, please call the SCC directly on +41 79 966 86 03

#### 5. Gino Mäder Memorial

On Thursday, 19 June from 10 – 10.20am there will be a short memorial gathering at the accident site on the Albula pass. A remembering site will be officially opened at this occasion. This is organised by the Family of Gino Mäder in cooperation with us and we are inviting all teams and riders who want to be part of it.

In order to prepare the logistics we will ask the teams in the DS-WA-Group if they will participate so we know how many people and vehicles to expect. The rule will be that only cars and Mini-Vans can be used to come to the ceremony, as there is no space to park buses.

#### 6. Race protocol

After all stages, the order of the jerseys/prize presentation on the podium will be as follows:

- Stage winner
- General classification leader
- Points classification leader
- Mountain classification leader
- Best young rider classification leader
- Winner Tissot Kilometer
- Most Active Rider

##### Hot seat:

During the time trial of the 8th stage, the current classification leader for the stage must remain constantly available for television seated on a chair which will be located in Emmetten, the changing tent behind the podium until he is replaced by another rider as classification leader for the stage.

##### Official ceremony:

It is essential for the team sponsors and Tour de Suisse sponsors that each stage winner, as well as each rider receiving a jersey, goes directly after each stage at the rear of the official ceremony truck for the official presentation of the respective jerseys.

Every team will get 3 additional accreditations (Podium) to accompany the rider to the podium ceremony. They are only valid together with the personal accreditation. Riders don't need an accreditation for the podium.

5 minutes before the start of each stage, each rider wearing a leader's jersey must go to the front of the field to the starting line (exception: time trials).

##### Press conference:

We ask team managers to cooperate as regards the press conferences after each stage. Usually, the following riders are asked to attend the press conference in the media center:

the stage winner

current leader (the rider wearing the leader's jersey).

depending on how the races unfold and in exceptional cases, other riders may be asked to attend the press conference.

## 7. Tour radio

The information from Radio Tour can be received on a new digital communication system. The system works on the technology of PTTOM.

4 receivers per Team will be distributed near the permanence before the team managers meeting for a deposit of CHF or € 100.– in cash. The equipment will be returned after the last stage in Emmetten. The team will receive the deposit back if the equipment is returned in full.

Radio Tour is also available via the following weblink: [radiotour.swisscom.com/public/tds\\_radiotour](http://radiotour.swisscom.com/public/tds_radiotour)

Each frequency that you will use on your internal Team radios during the Tour de Suisse must be assigned by the Swiss Federal Office of Communications (OFCOM).

This is very important for you in order to guarantee uninterrupted contact with your cyclists

## 8. Italy

Thanks to both authorities, we have a simplified entry / re-entry to both countries for all vehicles with an official accreditation. This also counts for teams sleeping in Italy for the night.

So all following information are only valid for vehicles (cars, vans, buses) that have an official accreditation sticker on it. All other vehicles are not part of this agreement.

Please note:

- 1) When exporting and re-importing the items, a copy of the letters (check you mail from the 10.06.2025) and the list in accordance with section 2.5 (list of all goods imported) must be presented to the customs staff upon request when crossing the border.
- 2) All official vehicles are marked with the Tour de Suisse logo. Vehicles without accreditation are exempt from authorization.
- 3) The goods carrier (team) must present a list of the items carried.
- 4) Cross the boarder either at Castasegna (via Maloja Pass) and Splügenberg

## 9. Riders sign-ng during the Tour de Suisse

The rider sign-in before every stage will be used as very short team introduction. Therefor we will make a schedule for each day and announce the specific timing in the official bulletin the previous night. Teams are requested to appear as full team with all riders in the race.

Please check every day in the bulletin in which time block your time has to show up at the signing.
